VESA Counter Stand – Flex Height Z-Shape
(P/N:MMF-STND01-04)
Quick Installation Instructions

Basic Overview

Front View **Back View**

INSTALLATION

1. Remove stand from packaging box. Place on top of counter or if desired, firmly secure the base by bolting four (4) screws from the bottom of a flat counter surface through the base plate . (Screws are not included as they need to suit your specific desktop or platform thickness) .
2. Remove the plastic cover from behind the VESA Mounting Plate.
3. Mount any 10”-22” LCD Monitor, All-In-One Monitor, or Touch Screen to stand by aligning the VESA Pattern Holes (75mm x 75mm or 100mm x 100mm) on back of monitor to the stand’s metal mounting plate.
4. Replace the back plastic cover to the Metal VESA Mounting plate by securing the four screws provided in kit.
5. Adjust the stand’s tilt adjustment as desired.
6. Make cable connections as needed.
